#### BEAM IS AN EDUCATIONAL PROGRAM FOR PEOPLE WHO:

- Have training and/or experience in the electrical field, but need to brush up on their skills
- Are interested in the electrical trades and/or apprenticeship programs
- Have little or no electrical training or experience, but are interested in learning
- Have taken basic math classes, but want to learn Algebra for career advancement
- Are willing to commit to attending classes two (2) nights per week for 12-14 weeks

#### BEAM IS DESIGNED TO GIVE A COMPREHENSIVE INTRODUCTION TO:

- Basic Electrical Theory & the practical application of that theory
- Applied Math (math used for electrical work) and basic Algebra
- Oral Interview Success Skills and Practical Experience

NOTE: Taking the BEAM class does NOT guarantee you will be accepted into an apprenticeship program. But participating fully and passing all portions of this class will give you experience and education to help you on working and written tests, applications and interviews.

#### MATH ASSESSMENT TEST:

You will be required to take a Math Assessment test prior to enrolling in the BEAM Class. You must pass this test in order to qualify to participate in the BEAM class. All tests will be given at Seattle City Light, South Service Center, 3613 - 4th Avenue South, Bldg. A., Seattle, WA 98134
